

MODULAR X PROGRAM

ROLL-ON MODULAR SCIF

Any time. Any site. Anywhere.

Roll-on modular is the most flexible and customizable modular solution. Offering sizes from 300 to 300,000 square feet and multi-story designs, we can fit your program needs.

Once delivered on site, buildings can be operational in weeks.

Construction schedules are shortened by the ability to perform site prep and start building fabrication simultaneously.

The Modular Advantage

- Off-site construction
- Cost-effective over new construction
- Factory quality control
- Faster build time, compared to traditional construction methods
- Meet or exceed ICD 705
- STC 50 acoustic protection

Standard Items Include:

- Lockmasters 10K with Kaba Mas X-10
- Intrusion Detection System (IDS)
- Standard TEMPEST Measures
- Access Control System (ACS)
- Data/Comm Wiring
- Electrical
- Delivery
- HVAC
- Decks and Ramps

Options:

- Additional TEMPEST Measures
- Electrical Generators/UPS
- Fiber Optic Wiring
- Power Filters
- Furniture
- CCTV

We look forward to
partnering with you.
